WELCOME TO THE REBOOT 6-WEEK CHALLENGE

This HOME workout program utilizes weights to help you get stronger while also creating an amazing burn in every workout!

The workouts will be focused on lower body, upper body, and full body. We also include a warm-up for each workout, and for this challenge... We've also included Ab Finishers!

The workouts are follow-along and last between 30-35 minutes. The great thing about this program is that you can go at your own pace during the working interval. Modifications are provided throughout the videos, so modify as needed. Remember, this is you vs. you, so challenge yourself each day you show up to do the workouts.

Let's get to it!

THE WORKOUTS

For all of these home workouts, there are a couple of ways you can challenge yourself and keep making progress:

1) **Progressively lift heavier weights during the duration of the challenge.**

This will help continue to build muscle and get stronger. With this approach, you may get fewer reps during the interval, but as long as you challenge yourself, you'll become stronger and more defined!

2) **If you only have access to lighter loads, utilize control and tempo.** With this approach, you'll still be able to elicit a greater challenge for yourself, despite the lighter load.

Both approaches are great options, it just depends on your goals, what types of weights you have access to, and what you enjoy the most!

Each workout in this manual will link directly to the follow-along workouts!

WORKOUT SCHEDULE - FOLLOW ALONG AT HOME

CONGRATULATIONS ON COMPLETING THE RESET 6-WEEK CHALLENGE – WHAT'S NEXT?

First and foremost, congratulations on completing this REBOOT Challenge! We are SO proud of you and all the hard work you put in. You should be proud of yourself too!

So take a moment to celebrate what you just accomplished. Look back at all those workouts you crushed, and all the progress you made. And... Just know that this is only the beginning for you!

So you might be wondering, **WHAT'S NEXT?**

After completing a REBOOT Challenge, the best next step is to keep going.

We have a few options for you to consider:

1) Attend one of our in-person training sessions - if you're local to Taunton/Wellington we have many options to train with us in person during the week to keep you moving forwards.

2) Book a 1:1 consult with Emma for 50% off - Feel you need some extra support with your nutrition, hormones, or skin? As a challenge member, you get access to consults with Emma at 50% off. Simply [CLICK HERE TO BOOK](#)

3) Join our online community - we add new workouts into the community frequently, so you'll always have something to suit your goals and time available. You can sign up by [CLICKING HERE](#)

3) Continue the current challenge for another 2-3 weeks MAX – if you want to do another few weeks go for it! BUT after that, you need to move into a maintenance phase as you CANNOT and SHOULD NOT always be in a fat loss phase.

As always, if you need any help at all, please do not hesitate to reach out.

Ben and Emma xx
